BETTMAN CLAIMS SUIT AGAINST COOPER ILLEGAL

Bootlegging Fortress Taken By Army Of Government Agents; 35 Arrested

GIGANTIC RING BROKEN WHEN RAIDERS ACT

Machine Guns Mounted On Walls of 'Castle'; Radio Used

LARGE VESSELS CARRIED BOOZE

Raids Made Along 35 Mile of Front; 135 Take Part

New York, Oct. 17.—One of the biggest liquor smuggling syndicates operating since the Volstead law went into effect was broken up to-day as a result of a spectacular offensive by the federal government. Thirty-five raids were carried out simultaneously along a 200-mile "front" extending from Atlantic City to the eastern tip of Long Island.

Thirty-two persons were arrested, including Emanuel ("Manny") Kessler, who at one time was known as "the king of the bootleggers." It was believed that "Manny," a picturesque and colorful character, had retired after "doing a stretch" in the Atlanta federal penitentiary five years ago with other infamous American-bootleggers.

The liquor "ring," which supplied booze to the entire east, had its headquarters in a mansion on an estate at Highlands, N. J., which had been fortified with ammunition, firearms and machine gun emplacements. It was honeycombed with underground vaults and passages in which huge quantities of wine and liquor were stored.

Use Radio Station

A fully equipped unlicensed radio-broadcasting station operating from this "headquarters" was taken over by the prohibition agents, 130 of whom took part in the raids.

The liquor syndicate operated a fleet of rum ships between the Atlantic coast and St. Pierre Miquelon, off Canada, and also to and from Bermuda. The radio operator at the stronghold of the bootleggers at Highlands was "talking" with one of the ring's big freighters, bringing in 5,000 cases of "good Canadian liquor" at the time the raids were staged.

Seized in his fortress known as "the mansion" to the people of Highlands, "Manny" Kessler, a squat, little man, smiled genially but refused to talk. Neither he nor his companions captured at headquarters made any attempt to resist arrest. Malcolm MacMaster, radio operator, would not talk, either. One of Kessler's well-known lieutenants, Morris Sweetwood, was also taken into custody, as was Patrick Conner, a cleric in a swanky Atlantic City hotel.

Face "Booze Famine"

The wholesale raids are of such major import that New York City is now facing a "boozie famine." It was admitted by night club owners here. The raids were the result of weeks of careful planning and were participated in by 75 treasury agents, 35 deputy United States marshals and 20 New Jersey state troopers.

The machinery of the syndicate was geared to smuggle in as much as 10,000 cases of liquor a week, according to unofficial estimates. In cut from, as the booze reaches the consumer, it would be double that amount. And on the basis of present retail prices this quantity would mean a turnover of \$1,000,000 a week although the wholesale price charged by the ring would be much lower. The syndicate is believed to have supplied the bulk of liquor to New York and, in fact, to the entire northeast.

Federal officials say the personnel of the organization included shippers and seamen to man their fleet of vessels, men to handle the cargoes, "contact men" in charge of the speed boat fleet, truckmen, chauffeurs, warehouse operatives, wireless operators, office executives, salesmen, sales managers, "fixers," gunmen, racketeers and slugs. The organization has been functioning smoothly for a long time.

The equipment of the syndicate included six vessels in regular service between the Atlantic coast, Canada and Bermuda. Each vessel was equipped to carry 3,000 cases of liquor. The contraband was taken off near the American shores by speed boats and delivered to trucks at obscure points.

Ohioans Killed

Ravenna, O., Oct. 17.—Alfred Leagren, 57, and his son-in-law, Leonard Miller, 26, both of Dearfield, O., were instantly killed today when the automobile in which they were riding was struck by a west-bound Pennsylvania Limited at a grade crossing near here.

SALEM ENGINEER TO MEET WITH PLANT EXPERTS

Barckhoff Will Address Gathering In Canton; To Come Here

P. S. Barckhoff, Salem city engineer will address more than 125 sewage treatment plant superintendents and city officials of Ohio and neighboring states in the third annual Ohio conference on sewage treatment at Canton next week.

Barckhoff will discuss the activated sludge method of sewage treatment and read a paper on the Salem sewage disposal plant which has been rated by visiting engineering experts as one of the finest and most modern in the United States.

The conference will last one and one-half days, headquarters being maintained at the Hotel Northern. Sessions will start in the banquet rooms of the hotel Tuesday afternoon and continue through Wednesday morning, following which the entire gathering will participate in inspection tours through the Salem and Canton sewage treatment works.

Others Take Part

C. C. Hommon, superintendent of Canton's disposal plant is general chairman of the conference. Floyd G. Brown, Marion plant superintendent and F. D. Stewart, assistant chief engineer of the state department of health are assisting Hommon in arranging for the conference.

Six papers will be read by engineers during the business discussion.

The conference is mainly a clearing house of information pertinent to work and problems of plant superintendents and city engineers connected with sewage treatment operations. The subjects to be discussed at the conference follow:

"The Canton Sewage Treatment Works," "Salem Sewage Treatment Works," "Biological Oxygen Demand Test," "Operating Details of the Small Sewage Treatment Plant," "Sewage Disposal Litigation" and "Discussion of the Sewer Rental Law."

Following the Canton conference Barckhoff may attend the Ohio Water Purification conference which will be held at Columbus Thursday and Friday next week.

Mayor Phil G. Hiddeson and Service Director C. A. Cavanaugh may attend the Canton conference with Barckhoff.

MANY ATTEND LISBON EVENT

Kiwanians Sponsor Large District Meeting; 200 Are Present

Lisbon, Oct. 16.—Final arrangements were made today for the American Legion district rally and dedication of the new Legion home at Lisbon Friday evening, it has been announced by Lynn R. White, chairman of the general committee in charge of the event.

The rally will begin with a dinner at 6:30 o'clock in the parlors of the Lisbon Presbyterian church, at which Major Charles C. Connell will preside as toastmaster. Guest speakers will be State Legion Commander Dudley White of Norwalk; James Ingerson, immediate past state commander of Warren; Col. Fred M. Fanning of the Regional office of the U. S. Veterans Bureau, Cleveland; John Kane, assistant to the regional manager of the same Cleveland office; Jake Saslavsky, state adjutant of the American Legion department of Ohio, Columbus, and Congressman B. Frank Murphy of Steubenville.

The Toronto city band has been added to a list of six others that will take part in the parade, including the American Legion band of Canton. Six drum corps will also be in the line of march and from present reservations it has been estimated that between 2,500 and 3,500 members of the legion will be in line.

The parade will move at 8 o'clock Friday evening following the dinner and after the parade competitive drills will be given in the public square.

Amplifiers are to be placed about the public square during the address in the open, weather permitting, which will be delivered by State Commander White.

Following the competitive drilling, the dedicatory services will be held at the new Legion home, a property that was formerly used by the Reformed church of Lisbon and which was recently acquired by John Welsh post.

Salem Woman Fined

Lisbon, Oct. 17.—Mrs. Andy Valerer, Salem, was fined \$100 and costs by Probate Judge Lodge Riddle this morning, after she entered a plea of guilty to a charge of selling liquor. A charge of possession that had also been filed against the defendant, was nolled. Mrs. Valerer was arrested by state prohibition inspectors when they conducted a series of raids in Salem several weeks ago.

Negro's Songs Bring Tears, Dances, But He Still Insists He Is Unable To Sing

Lima, O., Oct. 17.—"Mistah Sherif, ah can't sing."

But Sheriff Ben S. Miller knew better. Throughout yesterday and early evening a steady melody had been flooding the recesses of the stone jail, which is connected with the sheriff's residence.

At times the song would take on a lilting strain and at other times it would be a crooning, soothing tune with indistinguishable words.

"Well, come out and sing some church hymns, anyway," Miller commanded as he unlocked the twin iron doors leading into the jail from his residence.

And so William Watley, 28, a negro, waiting in the Allen county jail to be taken to the Ohio state penitentiary to serve a sentence for non-support, sang the distinct Dixie accent. There was a catch in the man's voice as he reached the climax of the

Legless Grower Claims Honors

Pomeroy, O., Oct. 17.—Although he admitted that physically he was handicapped considerably, Marion Blaine Jones, legless farmer who resides near Salem Center, claims the title of champion tobacco grower of Meigs county.

In addition to taking care of his 17 acre farm this pugnacious tiller of the soil, planted and took care of 4,000 tobacco plants during the past summer.

This fall he harvested more than one-half a ton of high grade tobacco leaves.

CAPTAIN BALKS LEGAL ACTIONS; MATE ON BOARD

Refuses To Turn Officer Over To Civil Men At Request

New Orleans, La., Oct. 17.—Capt. E. W. Sundstrom of the steamship Creole today balked the efforts of District Attorney Leander Perez and Sheriff Alberti to secure Second Officer John McGouldrick, sought in connection with the mysterious murder of Jack Kraft, New York newspaperman.

Sheriff Alberti swore out a warrant for the arrest of McGouldrick but when he sent his deputy aboard the Creole at Pilot Town last night Captain Sundstrom refused to give up the second mate, claiming he could not proceed to sea without a second officer under maritime law.

"If you want McGouldrick you will have to take him off the ship at New York," said Capt. Sundstrom. As a result the Creole, the ship from which Kraft was reported to have leaped to his death into the Mississippi, is sailing with the second officer aboard.

McGouldrick's arrest was ordered after the district attorney was handed a letter purporting to have been written by Irene Ord, New York artist, and travelling companion of Ord, to McGouldrick.

The attorney, according to the district attorney, read:

"Mac: Though I didn't see you even to say goodbye, and things look pretty black, my promise still holds. I haven't changed my mind. Remain the same on the subject we talked about at the hotel the last evening I saw you and as soon as I am cleared of all this I'll write you and we can make plans."

Mrs. Ord and Sam Epstein, ship's steward, both of whom are held, were taken to Nairn to view Kraft's body. Authorities admitted both had been given a stiff grilling.

Kraft at first was reported to have leaped overboard and drowned, but an inquest revealed he had been shot through the heart and had died before his body reached the water.

Eastern Star Names Organization Officers

Mrs. Laura Auer of Louisville, was elected worthy matron of the Kate Dewees Past Matrons and Past Patrons association, District 13, Eastern Star, at a meeting held here Tuesday evening at Masonic temple Harry Nye, of Lisbon, is worthy patron.

Rev. P. W. Macauley of the Miles Ave. Presbyterian church, Cleveland, former pastor of the Lisbon Presbyterian church, and first president of the Lisbon Kiwanis club, was the guest speaker.

Arnold P. Lutes sang two vocal solos. He was accompanied at the piano by Mrs. Ruth E. Berry. Group numbers were sung by the church choir under the direction of Karl Krause.

Everyone applauded.

"Thanks," he said simply, "but ah still insist, Mistah sheriff, that ah can't sing."

and nearly a score of prisoners clustered about the bars of their cell to listen to this strange negro who had been singing ever since he was incarcerated in the jail.

Mrs. Donald Miller, daughter-in-law of the sheriff, was elected accompanist. Watley, nervous from his sudden invitation to entertain, stood at the end of the piano, shifting from one foot to another and leafing through a dog-eared, paper-bound volume of favorite songs of other days.

He found "Where Is My Wandering Boy Tonight?" Mrs. Miller touched the opening chords of the song. The dusky opened his mouth. All of the pathos and suffering of his race was blended into the rendition.

Watley finished and started to leave—to go back to his dark cell.

Everyone applauded.

"Thanks," he said simply, "but ah still insist, Mistah sheriff, that ah can't sing."

BENEFIT AFFAIR BY QUARTET TO ATTRACT CROWD

Concert At High School By Roxy Four to Draw Many Music-Lovers

A large representation of the city's music-loving public is expected to gather at Salem High school auditorium at the concert which will be presented by the noted Roxy male quartet of New York City, Friday night.

Tickets have been placed on sale by members of the Elks lodge which is sponsoring the concert as a benefit for the high school band. Reservation of seats is in progress at Reich and Rugg's. Despite the large attendance expected, several good seats still are available, according to the announcement of Norman H. Peters.

The Roxy quartet, composed of four of the country's best known singers have recorded vocal selections for every principal recording company in the United States and has been together for six years. It was formerly known as the Criterion quartet. Each singer is an artist of distinction and the quartet has become known throughout the country through its weekly radio broadcasts over a national broadcasting network from WJZ, New York.

Ten numbers will be sung by the quartet, five solo selections also being scheduled. The entire program is under the auspices of Salem B. P. O. Elks with arrangements for the concert in charge of a committee composed of Norman Peters. (Continued on Page 5)

CHURCH HONORS REV. B. ERUTZKY

Members of Congregation Pay Tribute to Pastor For Service

One hundred and fifty members of the Emmanuel Lutheran church honored their pastor, Rev. B. E. Rutzky in observance of his tenth anniversary of service here at an impressive banquet held at the social rooms of the new Lutheran church, Broadway Wednesday night.

Tribute was paid Rev. Rutzky for his work in church and community activities by Rev. Otto Ebert, pastor of the St. John's Evangelical Lutheran church of Pittsburgh; Rev. J. F. C. Soller of the St. Paul's Lutheran church Youngstown; Atty. H. L. McCarthy of Salem and Rev. L. F. Meyers, retired Canton minister and former pastor at the Emmanuel Lutheran church here.

Rev. Soller, Rev. Ebert and Rev. Meyers were speakers at the occasion, McCarthy presiding as toastmaster. Rev. Soller spoke in German while Rev. Ebert delivered an address in English. Rev. Meyers spoke in both languages.

Rev. Rutzky and the church congregation were congratulated for the progress of the church during the past 10 years which resulted in the construction of the new edifice.

Rev. Rutzky responded to the congratulatory addresses with a short talk, thanking the general public and his congregation for the cooperation given him in his work in the city.

They will further explain to the jury that the note Fall gave for the money was mutilated to the extent of having his signature torn off because they feared they might both be killed simultaneously in a railroad wreck and they didn't want any foreclosure on their old friend at a time he couldn't repay.

And when their direct examination at the hands of Frank J. Hogan, chief defense attorney has been concluded, Doheny will be subjected to a grueling cross-examination by Prosecutor Owen J. Roberts in an effort to ascertain why he remained silent for several months when the United States senate was trying to find out where Fall got the \$10

CULTIVATE, IN YOUTH THE HABIT OF SLEEP

BY ROYAL S. COPELAND, M. D.
(United States Senator from New York)

One of old time said that "as the twig is bent the tree is inclined." What we begin to do in youth we are likely to continue in old age. We are blessed or damaged by the habits formed in early life.

If we could realize early enough what their indulgences will mean in later years, there would be a powerful incentive to cultivate good rather than bad habits. But flaming youth is chasing butterflies. Youth must have its fun, the common belief.

It is hard for young people to appreciate what our habits mean for good or bad. Ecclesiastes, the Preacher knew. You recall his words: "Rejoice, O young man, in thy youth and walk in the ways of thine heart, and in the sight of thine eyes; but know thou, that for all these things God will bring thee into judgment."

We are free agents and can do as we please. But we may be very sure the habits we form in consequence of our freedom will come back to cheer or haunt us.

Many years ago the late Henry Clews told me he made Fourteenth Street, the "dividing line" in his life.

Leaving Wall street at the end of a busy day, when he reached Fourteenth st. on the way home, he dismissed all thought of business. His

health rules, is this: Go to bed to sleep.

Don't go to bed to read, to think, to toss about, but go to bed for the one and only reason—sleep. Drill yourself in this practice and it will not be long before you will find yourself sleeping soundly. No habit is more vital to your health and happiness.

Answers to Health Queries

S. T. Q.—What causes a tired, sleepy feeling?

A—Auto-intoxication is often responsible for this sort of feeling. It is due to improper elimination causing infection in the system. For further information send a self-addressed stamped envelope and repeat your question.

Agitation and confusion may prevail today in personal as well as business affairs. Judging by the lunar and mutual aspects. These may be felt in a disturbing condition in employment, although the change may be due to an excellent influence coming to break up old congestions and pave the way for substantial return for fidelity and honest effort. Be on guard against small anxieties or treacheries. Personal correspondence may have an important bearing on affairs.

ADJUSTMENT OF NAVAL TANGLES DIPLOMAT'S AIM

Hopes Reign That All
Major Problems Will
Precede Meeting

Washington, Oct. 17.—With all of the powers on record today as willing to participate in the London naval conference, the really important and highly delicate part of the undertaking is to get under way immediately. This involves the adjustment of divergent views, and the ironing out of as many obstacles as possible before the conference actually meets.

It is still three months before the delegates assemble in London. This period is considered here as a sort of diplomatic interlude, a period of careful preparation and adjustment.

Just as Great Britain and the United States were able, by private negotiation, to settle virtually all differences before the invitations went out, so are Premier MacDonald and President Hoover hopeful that the same private negotiation in the next three months will see Franco-Italian differences yield to adjustments, and many of the obstacles cleared away that now seem so menacing in the pathway of the conference.

In the British call for the conference, all of the powers were invited to utilize this three months' period for an exchange of opinions between themselves. All of them took note of it and accepted. Consequently the next three months are going to witness a vast amount of private dicker in London, Paris, and Rome.

Hawaiians To Have Radio Telephones

Honolulu, Oct. 17.—Sugar agency executives in Honolulu will soon take down their regular office telephone receivers to hold long distance wireless telephone conversations with plantation managers on the outside islands. Or, pineapple growers on the island of Maui will call up other growers on Molokai or Kauai to chat about the weather and the prospects for the summer pack.

Such at least is the hope of the Mutual Telephone company of this city, who now have a force of engineers scattered about the various islands making practical tests to determine just what sort of equipment is best suited to make inter-island telephone conversation practicable.

Tests are to be made in ultra short wave sending and receiving in experimental sending station which will be erected on this island, probably near Koko Head, and the tests will include transmission of messages under all sorts of conditions.

It is the aim of the Mutual Telephone Company, which incidentally established the world's first inter-island telegraph system, to make it entirely practicable and simple to talk from a residence or office telephone on one island to any other kind of a telephone on any other island of the group.

GAME WARDEN- ARRESTS HEAD OF DEPARTMENT

Conservation Chairman
Used Lime, Killing
Fish, Is Claim

Ashland, Oct. 17.—Arrested by one of the game wardens of his own department, Charles H. Lewis, chairman of the State Conservation Council, is at liberty under \$200 bond today, awaiting his hearing in a justice of peace court here tomorrow on charges of killing fish by the use of quicklime in Town creek, near here.

Deputy Game Warden Frank H. Howard brought the charges against his chief.

According to Howard, Lewis, who also head of the Travers-Lewis corporation here, used the quicklime in making sewage disposal tests to settle an argument between himself and his partner, J. T. Travers.

Travers, it was said, will appear as a witness against the state conservation council chairman.

Pictures of the dead fish, which the deputy had taken, will be introduced at Lewis' hearing.

Justice of the Peace J. H. Armstrong will preside at the hearing. The penalty, if found guilty, is a fine of from \$100 to \$500, and each fish killed may be considered as a separate offense.

Though Howard charged that the infraction of the game laws took place Sept. 23, he did not bring about Lewis' arrest until yesterday.

Women In Training For Airpilot Jobs

London, Oct. 17.—The "air-fever" has caught the women of England. Flappers and grandmothers are now in serious training for qualifications as air pilots.

This craze for flying was formerly limited to the young flapper, but now older women recognize the great part the private airplane will play in the transport of the future.

The seriousness of many of these women, who hope to become pilots of their own machines, may be gauged from the fact that a number are regularly receiving lessons in flying at the airfields of England without their parents' knowledge.

They are determined to become qualified pilots and in many cases tentative arrangements have been made by women learners to purchase their own tiny machines on the completion of their training.

Women are proving as apt at flying as men, and it is estimated that women nearly 25 per cent of the Missionary Society of Christian church.

This proportion has never before been reached here.

An instructor at a suburban London aerodrome declared:

"Women are really keener on flying than men. The experience of pilots who have conducted joy rides in various parts of the country is that women are always more ready than men to go for these trips. That readiness of many women to be taken for a flight is now being developed into a determination to control their own machines."

"A little longer time is devoted to the training of men than women, although in many cases there is no real justification for an extension of tuition.

"Instructors instinctively regard a woman at the controls of an airplane in the same light as a male motorist views a woman driver.

"There is, as yet, a lack of complete confidence, and so women are trained a little longer for their certificates principally to set the instructors' minds at rest."

The proportion of women who qualify after completing their training is nearly 80 per cent.

Son of "Priestess"

Object of Search

Los Angeles, Calif., Oct. 17.—Added effort was being made today by police to locate Samuel Rizzio, son-in-law of Mrs. May Otis Blackburn, head priestess of the "Great Eleven" Resurrection Cult after it became known that Rizzio had been made to walk over beach sands sprinkled with poison to free him from other religious beliefs when he entered the cult.

Deputy District Atty. Charles Kean had stated that "Rizzio was probably killed." The Italian scoundrel had been missing since 1925.

"Queen May" Blackburn, alleged founder of the cult, had been indicted on charges of robbing some \$50,000 from cultists allegedly promising them that through her "revelations" they would be able to find buried treasures, oil and mineral deposits.

Goodyear Blimp Beaten By Wind

Butler, Pa., Oct. 17.—The Goodyear Blimp Vierlant is piled in a heap at the Pittsburgh-Butler airport seven miles south of here today after two unsuccessful efforts to take off in a 32-mile-an-hour wind.

When the ground crew of the blimp was unable to get the mooring mast erected in time to tip up the ship, it was necessary to rip open the gas bags and let the blimp sink to the ground in a heap. It will be taken to Akron by trucks.

Drive On Liquor

Campbell, O., Oct. 17.—Bent upon a determined campaign to "close Campbell up" and prevent wholesale violation of liquor laws, federal authorities today served 16 U. S. court injunctions prohibiting the sale or possession of liquors in places recently raided here.

ARNOLD TRIALS ON IN DECEMBER

Convicted Kidnappers To Get New Hearing On Charge

Woooster, O., Oct. 17.—Walter Meugey, former Wayne county prosecutor and special counsel for the state in charge of the child stealing case brought against Elias Arnolds and his son, Arthur, said today that the new trial granted the Arnolds by the state supreme court probably would not be opened until early in December.

The Arnolds were tried and convicted in Wayne county common pleas court in connection with the mysterious disappearance of Marvin Horst, Dec. 27, 1928. The decision of the supreme court was an approval of the new trial granted the Arnolds by the district court of appeals on the ground of introduction of irrelevant testimony into the case by the state.

It is understood that Meugey will continue in charge of the case as special counsel and will be assisted by Prosecutor Martin Graven. Meugey said the new trial is certain to be held before the present term of court expires on Jan. 5, 1930.

Demure Maiden To Serve In Prison

Toledo, O., Oct. 17.—Dorothy Blume, 18-year-old Muskingum county girl who is said to have worked the "matrimonial racket" to pay her debts in Federal court here to a charge of using the mails to defraud.

The girl, who was described as demure and pretty, is said to have used her charms in ensnaring men victims. She would become engaged to them, it is alleged, borrow money, and then break the engagement. The girl is said to have used the mails in making these loans.

She will be sentenced tomorrow. She was arrested in Cleveland, but was brought here when she said she was a resident of this city. It was ascertained, however, that her home is in Hasport, Muskingum county.

Jury Returns \$750 Damage Verdict

Lisbon, Oct. 17.—After remaining locked up until 9 o'clock Tuesday night, and returning to court Wednesday morning and being locked up until near 12 o'clock Wednesday, a jury returned a verdict for \$750 in favor of the plaintiff in the \$10,000 damage action filed by Sarah Snyder against T. L. Grady.

The case was before Judge W. F. Lones. The case was the result of an automobile collision in Wellsville over a year ago. The plaintiff was represented by Hill & Davidson to East Liverpool, and the defense was in charge of Attorney W. A. O'Grady of Wellsville.

THE coming conference on international disarmament relative to the cutting down of various units in the navies of the world, brings to light an interesting incident in our own problems for a reduced naval strength.

In the Philadelphia Navy Yard, unknown to the general public, are tied up ninety-seven destroyers aggregating in cost some \$50,000,000. Some of these boats will be recom-

Camp Fire Girls' Leaders Quit Posts

Alliance, Oct. 17.—Wholesale resignation of Camp Fire leaders in Alliance as the echo to trouble over the conduct of the girls' camp at Winona this summer has brought the movements which affects more than 290 girls to a standstill.

The executive board, composed of Mrs. D. M. Armstrong, Mrs. A. D. Thompson, Mrs. W. C. McCallum, Mrs. W. S. Taylor, Mrs. Clark Schneberger, Mrs. Earl Musselman, Miss Winifred Manchester and Mr. G. L. King resigned in a body.

This step was echoed today when Mrs. Beulah Moore, Camp Fire executive and camp leader, sent her resignation to national headquarters.

Camp Fire is the leading girl movement in Alliance and the differences will bring Lida Foote Tarr, Cleveland, district secretary, to Alliance upon her return from Texas.

Italian Plane To Attempt Record

Rome Oct. 17.—Commander Maddalena and Lieut. Cecchi, famous Italian fliers, today took off in a Savoia-Marchetti plane in an attempt to establish a new world record for a non-stop, non-refueling flight.

The present record of 65 hours and 25 minutes is held by the German aviators, Ristits and Zimmerman.

In today's flight, Maddalena is preparing for a projected trans-Atlantic flight to New York in the middle of November, it was said.

Four other planes are also being groomed here for trans-Atlantic flights as Gen. Italo Balbo, minister of aeronautics is anxious to keep his promise to Lewis Yancey and Roger Q. Williams, to return the air visit of the Americans.

Woman Loves Mate; Lover Ends Life

Leonia, N. J., Oct. 17.—A strange fear that the woman of his desire was falling in love with her husband caused Huyley D. Ford, influential politician, respected husband and father of three children to end his life with a bullet in his brain.

Ford's confessed paramour, Mrs. Emma Vaning, 38, a neighbor, told police today that she and Ford had been carrying on a clandestine affair for four years. Of late, however, she declared he became intensely jealous of her husband, a telegraph operator.

Lindbergh Discovery Not New, Claim

(Above) The Lindbergh party. (Below) A view of ruins discovered.

Mexico City, Oct. 17.—The reported discovery of important Mayan ruins by Colonel Charles A. Lindbergh and a corps of flying scientists in the jungle-lands of Yucatan and Quintana Roo has caused a sensation here. Colonel Lindbergh's discoveries were hailed here with the same undisguised acclaim that greeted them in the United States.

"The ruins alluded to by Colonel Lindbergh in his communications," Irabien writes, "have for years been perfectly well known to scientists."

Writing in the newspaper *El Universal*, Irabien attempts to cast grave doubts on the authenticity of the alleged Lindbergh discoveries claiming that the ruins sighted by

the flying colonel have for years been familiar to scientists.

The communication of Irabien, a member of the Mexican government expedition in 1921 which made a thorough explication of Yucatan and Quintana Roo, has caused a sensation here. Colonel Lindbergh's discoveries were hailed here with the same undisguised acclaim that greeted them in the United States.

"The ruins alluded to by Colonel Lindbergh in his communications," Irabien declares, "have for years been perfectly well known to scientists."

Archaeologists have made many at-

tempts to pierce the almost impenetrable jungles of Yucatan in search for Mayan ruins, for that territory was believed to have been the seat of an advanced civilization that flourished approximately 1,500 years ago.

Colonel Lindbergh's 25 hour flight over the jungle wastes, in which he was described as accomplishing work that would have required five years under ordinary explorational measures, was made in connection with two scientists of the Carnegie Institute of Washington Mrs. Lindbergh and a radio operator also participated.

the flying colonel have for years been familiar to scientists.

The communication of Irabien, a member of the Mexican government expedition in 1921 which made a thorough explication of Yucatan and Quintana Roo, has caused a sensation here. Colonel Lindbergh's discoveries were hailed here with the same undisguised acclaim that greeted them in the United States.

"FROZEN RIVER"
"Frozen River," starring Rin-Tin-Tin opens a three-day stay at the Royal tonight.
In "Frozen River," Rinny is Lobo, a husky reared among wolves, a killer with a price upon his head. But he makes friends with a little boy, Billy, and later with his sister, Jane, and with a young mining engineer, Jerry. Potter and Pierre plot to compel Hazy, the girl's grandfather, to tell the hiding place of his cache of gold at Frozen River. Hazy entrusts the secret to Jane and the villains plot to torture little Billy to make her disclose the hiding place. Lobo brings Jerry to the deserted cabin and then tracks the villains. A terrific fight ensues between Lobo and Pierre, who had once tormented the dog, and between Jerry and Potter. Lobo defeats Pierre and drives him into the wilderness, toppling Potter over a cliff as he struggles with Jerry, and then saves Billy when the dog team runs away.

Davey Lee, star of "Sonny Boy" and the child with Al Jolson in "The Singing Fool," is Lulu. Raymond McKee and Nita Quarto sustain the love interest, while Joseph Swickard as Hazy, Frank Campan and Lew Harvey are the two villains.

"WONDER OF WOMEN"
"Wonder of Women," an epic of married life, and the much heralded filmization of Hermann Sudermann's "The Wife of Stephen Tromholt," is now playing at the State theater. It is a sound synchronized production with dialogue sets a new mark in film productions for it defies all old time conventions of the screen and gives the world one of the most poignant heart-interest and sweetest love stories, as well as one of the most gripping dramas ever seen on the silver sheet.

The play is a literal summary of human life. Though laid in Germany, it is the human life all the world knows. It is the story of the drudging wife and the husband whom the world knows as a genius — of his infatuations and digressions and the great love and understanding of the wife to whom, invariably, he returns as to the one great love of his life.

Pathos, humor, thrills and drama play with Brown's "Flesh and the Devil," also from the pen of Sudermann, and others of his plays. The cast is one of the most interesting the screen has seen in many seasons.

Lewis Stone plays the hero of the story, "Tromholt," a composer of symphonies and prey to the beauty of women. He gives a balanced characterization as the temperamental musician with his love of life and flirtation fighting with in his soul against his love of domesticity and the wife he really adores even through his infatuations.

But here is the amazing ingenuity, which took years of cross-checking: the reversal of any pair of letters in the code will not make a code word, and therefore mistakes in decoding cannot occur.

Heavy Wellsville High Team Opposes Red And Black Saturday

Efforts Of Salem High Officials To Transfer Contest To Friday Fail

Despite efforts of Salem High officials to have the Wellsville-Salem game transferred to Friday night for the Red and Black's second night game, the affair will be played according to schedule, at Reilly stadium Saturday afternoon according to the announcement made by W. J. Springer Wednesday afternoon.

This leaves Salem High with only two night games during the remainder of the season both being with Youngstown teams. Youngstown South will play here Friday night, Nov. 1st while East High will clash with the Stonemen one week later.

The two games scheduled away from home, one with New Philadelphia and the second with Lisbon will in all probability stand according to schedule, while the East Palestine and Alliance battles both here, will be played during the day. Alliance will be met Thanksgiving morning and Palestine comes here on the afternoon of Saturday, November 16.

Wellsville Team Heavy

Wellsville will clash with Salem Saturday presenting a heavy lineup of grid talent which averages, according to Coach Dave Evans, about 155 pounds. To-date the southern county squad has finished on the short end of the score in two of its three contests, winning its first game from Chester, W. Va., by a 32-0 score last Saturday. Beaver, Pa., triumphed over Evans' team by an 18-0 score while Struthers was held to an 18-7 decision.

After Salem High's three consecutive victories over some of the stiffest opponents on its schedule this game is expected to provide a rest for the team. Wellsville fans, however, predict that their team will not be as easy as the dope indicates, for Evans' squad has been showing steady improvement and its showing against Chester was considered a big upset.

Dope Upset Last Year

Last year Salem was given a real battle by Wellsville and was held scoreless for the first two quarters

Ohio State On Edge For Big Michigan Tilt

Columbus, Oct. 17—Three thousand loyal students, perhaps more, and all wearing the "Scarlet and Gray" of Ohio State university here will stage a huge pep meeting and rally at a Northside campus intersection tonight to wish their gridiron warriors bon voyage on their trek to Ann Arbor to "beat Michigan!"

After running through the long line of cheers from "Yea Ohio," to the "sis-boom-bah" of the locomotive, and the school song, "Fight On, Ohio," the students will form a huge parade which will precede the Buckeye molekin wearers to the Union depot here.

Willaman's squad will then entrain for Ypsilanti, Mich., which is not far from Ann Arbor. Busses will take Holman, McConnell, Horn, Holcomb, Fessler and the remainder of Ohio's team to Ann Arbor Saturday morning, and on the afternoon of that day, the old feud will be renewed with victory for Ohio or Michigan, the scribe doesn't know which.

"It Is Present

But if, to use that little two letter preposition, one can judge by the practice workouts of Willaman's charges, Ohio has at least more than a slim hope for a win.

Willaman, who played on Ohio's team back in 1911 or 1912, against Michigan, will be going back for revenge. The Wolverines beat Ohio on that October day many years ago, but perhaps there will be a different story to tell after the sun goes down Saturday, leaving only the memory of a great football game in the minds of the 10,000 people who are expected to crowd into the Michigan stands.

At the workout yesterday, the varsity was given the stiffest scrimage it has had so far during the present season. The regulars were not put on offensive, but on the defensive. A second team tried to run the Michigan plays through the forward wall. The varsity line proved to be a brick wall, however.

Coffee Looks Good

Coffee a substitute halfback this year, has been showing great ability for broken field running and when the strain becomes too great for either McConnel or Horn he may be thrown into the Michigan fray.

Ohio looked hot yesterday, and if the backfield has a scoring punch, the Wolverines may have bitten off a bigger bite than they can chew when they schedules Ohio, for a game this early in the season.

The "Scarlet and Gray" pulled a win from Iowa by a "lucky break." It can't expect that to happen two Saturday in a row. So when that first period whistle blows, the Buckeyes will have to go in there and fight. The Wolverines will be doing as much if not more.

Michigan has the edge any place except here in Columbus and there are even some here who are inclined to doubt Ohio's chances. Time will tell!

Boston—Baseball was designated as the favorite women's sport on the basis of compilations made in nine women's schools by the state department of physical education.

Akron Lad To Meet Ramies In Bout In Canton

One of Ohio's Leading Welters In Final Of Monday Show

Canton, Oct. 17—Denny Burns, one of the outstanding welterweights in Ohio battles Dick Ramies, San-Diego Indian in the main go of the All-Star Athletic club fight show at Canton's city auditorium Monday night.

Burns hails from Akron fighting out of the stable of J. R. Basco and in his last Canton fight defeated flashy Young Harry Greb by a decisive point margin. Ramies was scheduled to appear in the bout but was taken sick suddenly but is in splendid shape for his bout with Burns.

An excellent supporting card for the head liner has been arranged by Harry C. Plattenberg, the club's promoter. Snowdrifts Wright, Cleveland, exchanges leather with Ralph Canther, San Diego in the six round semi-final at 160 pounds while George Ingram, formerly of Columbus, now fighting out of Canton meets Jack Berg, tough lad from Pittsburgh in the main preliminary. George Ross, Cleveland and Young Early, Canton, mix it in a

Wagner Appointed Coach at Warren

H. B. "Heinie" Wagner, former assistant coach has been appointed head football coach at Warren Harding High school. H. B. Turner, superintendent of Warren schools has announced.

Wagner succeeds Sam Earich as head coach. Earich becomes director of physical education and head basketball coach.

The change becomes effective immediately. It was made, according to Turner, for the best interests of the football squad and school in general.

Wagner was named to the coaching position the day following Warren's 6-0 defeat at Canton last Friday night.

A bad break mixed with a touch of poor football resulted in the Struthers A. C. defeating the Salem Studebakers 7-0 in a night football game here Wednesday.

It was really a combination of bad breaks that resulted in the lone touchdown of the game. Salem had the ball in midfield and made a first down on three nifty thrusts at the line. Then a bad pass rolled back after being fumbled and was covered by Struthers after five or six men had attempted to fall on it or pick it up. Struthers lost a yard on an attempted line play, two forward passes were incomplete and the punt was downed on Salem's 10 yard line. Salem made three attempts at the line with but little gain and on an attempted punt a bad pass was made. The ball was covered, but lost as the play was on the fourth down.

Twice Struthers rammed the Salem line but gained only a few feet. On the third back Moore carried the ball over and Murray kicked the goal. It was the last real threat either team made in the game although Salem was again within striking distance in the early min-

utes of the third quarter.

Taking it all in, Salem played well, when the strength of the opposing team is taken into consideration. Struthers lost but one game this year and that by one touchdown to the strong Massillon Moose, rated as one of the best sand-lot bets in Ohio.

Struthers started fast and made four first downs in the initial period before Salem could make one.

It became apparent that the Studebakers were in for a hard night.

But good football in the pinches and a break in favor of the locals turned away the visitors scoring threat.

Salem appeared far better in the second quarter and started to gain consistently. At the end of the first half Salem had nearly evaded the first downs. Struthers had four and Salem three.

Salem apparently held the upper hand in the second half and play was well in Struthers territory until a fumbled punt, from the Struthers goal line was loose in midfield and covered by a Struthers man.

Van Blaricom Tries For Berth On Ohio State Frosh Squad

Columbus, Oct. 17—Robert VanBlaricom of Salem is one of the outstanding candidates for a tackle position on the freshman football squad at Ohio State.

VanBlaricom last year won all county honors at tackle with Salem High and was classed as one of the best tackles seen in action here during the past five years. He now weighs 181 pounds and is in excellent condition.

He played almost the entire game against the varsity last night.

This second half advantage re-

sulted in the total first downs be-

ing Salem six and Struthers five.

Struthers completed, two passes for 22 yards gain. Salem failed to complete a forward pass.

THE HOME KITCHEN

By Jeannette Young Norton

Who that has embarked on a diet hasn't heard the injunction—"only a simple clear soup?" Which is puzzling, when you think about it. Because clear soup has no food value to speak of, but it is a stimulant. Fine for those whose appetite must be goaded, but not particularly helpful if you're trying to suppress appetite!

A good clear soup is nevertheless delicious at the beginning of a meal. Properly made it is flavor in the best sense, for it contains only the particular savory qualities of the vegetables or meat used. However, it does not pay to make only a small quantity. Good soup is made by simmering for hours—two or five hours and even more, to extract slowly every bit of flavor. Therefore it's a dish to be made at home only when a number of persons are to be served, at a fairly large dinner, or to be kept for several days for more than one service.

Clear Soup.

3 pounds shank or shinbone (meat and bone).

1 onion.

1 carrot.

1 small turnip.

2 tomatoes.

2 stalks celery with leaves.

1 sprig parsley.

4 percorns, bayleaf.

1 teaspoon salt.

4 quarts of water.

Cut the meat off the bones into inch cubes. Bones should be split in several places. About 1 cupful of the meat should be browned quickly with a little fat in the soup kettle, then add the rest of the meat and bones, pour cold water over, and let soak for one hour. Then put over the fire and cook over a very low flame for three or four hours by which time the meat will have fallen to pieces. Then add the vegetables, cut up, also the seasonings and simmer slowly for another hour. Remove from fire, strain and set in cool place so that the fat comes to the surface. Skim off this fat when it solidifies. It may be used for frying. But there should not be the slightest bit of fat left in the soup itself.

The soup kettle should be deep with a tight-fitting cover, then there will be little loss during cooking by evaporation. The water in which any vegetables have been cooked may be used instead of—or in addition to—the fresh water poured over the meat and bones. However, it should be fresh—water left from vegetables cooked the day before isn't particularly desirable, although it is not harmful.

Soup must be kept in a thoroughly cold place as soon as it has cooled off, for it spoils readily if left in warm or tepid atmospheres.

If a generous quantity of bone has been used, the soup may jelly when

there is a greatly increased number of skirt, coat and blouse ensembles. Some are showing tweed hip-length coats over dresses of plain colored woolens. A number of large designers are putting little fur jackets with dresses, as for instance a brown and yellow tweed dress with brown baby lamb jacket lined with the tweed. Straight line coats stopping anywhere from three to fifteen inches above the skirt, are seen in large quantities, especially in tweed ensembles.

For afternoon, the contrast idea is rarely seen when the coat is shorter than the dress; these afternoon jackets are most often two-thirds length and flare slightly toward the border; sometimes they dip at the back. Fur borders are a feature of many of the short afternoon coats.

Even evening coats are hip-length, or very little longer and often in contrast to the dress they accompany. One dealer has a large group of white evening gowns under hip-length coats of some rich shade of velvet and one designer is following the fashion of hip-length evening jackets and is showing some in lovely blue shades.

STYLE EDICTS

Paris, Oct. 17.—Coats are curtailed this season with the dresses growing longer, many wraps are ending at the hip-line, but are certainly just as chic as any longer ones ever were.

Coats for day wear are really developing into little jackets and

Hubby Now Regrets Mail Order Bride

Took Soda 20 Years For Gas — Stops Now

Chicago, Oct. 17.—Sometime ago Victor Von Gerhard of this town got a mail order bride through a matrimonial advertisement. This week he asked the courts for a divorce, and listed the following regrets:

1. She chews snuff vulgarly and constantly.
2. She advertised herself as 29 and is 26.
3. She took the gun that Von Gerhard had for protection away from him threatening to kill him and his family.

4. She leaped off a bridge into the Chicago river but was rescued.

5. She went off to Texas, but wrote she was coming back to stay him.

So Von Gerhard, who insists he is no coward but a mere defenseless man, also requested an injunction to protect him from his Amazon bride.

"Konjola Freed Me From All My Health Troubles"

Stomach and Kidney Troubles, and Nervousness Too, Quickly Routed By Famous Remedy.

MRS. HATTIE MIXER

"One of the main causes of my suffering was the poor condition of my stomach," said Mrs. Hattie Mixer, R. F. D. No. 2, Ashtabula, Ohio. "Food did not agree with me, and gas formed on my stomach after every meal. I was subject to headaches and dizzy spells, and was very restless. Then, too, I suffered from the poor condition of my kidneys."

"A friend recommended Konjola to me and I gave it a trial. How glad I am that I did! My stomach and kidney troubles have disappeared—vanished as if by magic. My nerves are as calm and strong as they ever were. I eat and sleep well, and wake up in the morning feeling rested and refreshed. Konjola surely worked wonders in my case and I never lose an opportunity to praise it."

Konjola is sold in Salem at J. H. Lewis and Mr. Kaminsky drug store, and by all the best druggists in all towns throughout this entire section.

Study Atmosphere For New Telescope

Pasadena, Oct. 17.—Extension of the two year period of study of atmosphere as a gaseous barrier to good visibility of stars was forecast here when Mount Wilson astronomers announced that local conditions now constitute a major part of "bad seeing."

The California Institute of Technology in cooperation with the Carnegie foundation observatory at Mount Wilson has undertaken to find the best possible place to locate the proposed 200-inch reflecting telescope, ordered by the International Education Board.

A dozen southern California and four northern Arizona points are being calibrated by staff and local observers.

A new means of measuring star-light has been worked out for this study.

At the end of perhaps another two years and a half, the observatory council, according to Dr. J. A. Anderson, its executive officer, will be ready to say of some place: "This is the world's finest place for a telescope."

Sites on the south rim of the Grand Canyon, in the Painted Desert and at Flagstaff and Prescott, Arizona, are being studied.

When completed and installed, the 200-inch reflector will have cost more than \$10,000,000. Dr. Anderson said.

The telescope will be twice as great in diameter and four times as powerful in light-gathering, as the

present world's biggest, the Hooker telescope on Mount Wilson.

You, too, may have a clear skin

THOUSANDS of people have weak, impure blood—to this may be attributed pimples, boils, eczema, "run-down" systems, rheumatism and even more serious ailments.

Without plenty of rich, red blood, there could be no strong, sturdy, powerful men, or beautiful, healthy women.

When you get the number of your red-blood-cells back to normal, that sluggish, let-down feeling, loss of appetite, those pains usually called rheumatism, boils, pimples and skin troubles disappear. You get hungry again and sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. You are resistant to disease.

Throughout more than a hundred years S.S.S. has been a blessing to millions of people who have taken advantage of its wonderful medicinal properties. It is Nature's own blood tonic for improving the appetite, clearing

the body of so-called skin troubles, and building strength and resistance to disease.

S.S.S. is made from fresh vegetable drugs and has a successful record of over 100 years back of it.

S.S.S. increases the count of red-cells in the blood. Weak, impure blood is injurious to the system, lowering resistance to disease. Rich, red blood builds and sustains the body. S.S.S. helps Nature build rich, red blood. Good blood improves the processes by which the body is nourished, promotes constructive metabolism (healthy body building) and works against infection and disease. Take S.S.S. daily at mealtime. To get full benefit you must take it regularly and over a sufficient period of time. At all Drug Stores. Ask for the larger size. It is more economical.

Informed
motorists say,
"Buy an
EIGHT"

The informed demand today is unmistakably for the Eight. The swing of public preference is developing with unprecedented rapidity. Nobody can predict what chance a Six will have in next year's used car markets.

Consider the facts: During the first seven months of this year, in 43 states,* registrations of new cars over \$1,000 showed a 94 per cent increase in Eights—and an 18 per cent decrease in Sixes. Every high-priced American car is an Eight. The finest models of such foreign aristocrats as Bugatti, Bianchi, DeDion-Bouton, Isotta-Fraschini, Mercedes-Benz and Renault are Eights. Today, over 41 per cent of all American makes of cars are Eights.

And Studebaker, enjoying its seventy-seventh successful year in business, sells more Eights than any other manufacturer in the world!

So why pay as much or more for a Six when you can have a champion Eight by Studebaker—holder of 11 world records and more American stock car records for speed and endurance than all other makes combined? A Studebaker Eight, brilliant with the power, the smoothness, the flexibility that only an Eight can deliver. An Eight as economical as the thriftest Six. And styled with a notable smartness all the way through.

Remember what happened to the Fours in the medium and high priced fields. Sixes today are succumbing to Eights the same way. Now that it costs no more to own and drive one—get an Eight—a champion Studebaker Eight!
